Feedback

A top-down view of a group of people sitting around a blackboard. The word "Feedback" is written in large, white, cursive letters across the center of the board. Several people are visible around the board, with their hands and arms reaching in. One person in a blue and white checkered shirt is at the top left, another in a red shirt is at the top center holding a blue marker, and a person in a green shirt is on the left. On the right, a person in a blue shirt is writing on a notepad. Various items are scattered on the blackboard: a white cup with a blue rim at the top right, a white cup with a red rim at the bottom left, several pieces of white, yellow, and blue chalk, and a thick red horizontal line drawn below the word "Feedback".
